# YES VIRGINIA,

there **WILL BE** an Issue #5.

In this issue we wrap up the adventures of the Angels known as Bella and Hayley. But that does not mean the end of the magazine itself, in fact Bella *will return* in the future with more bizarre contortionist escapades. (Mmmm, contortionists..!)

Starting in Issue #5 we will be following the all new adventures of the Angel named "Carol", with special guest stars: *The Secret Chiefs!*

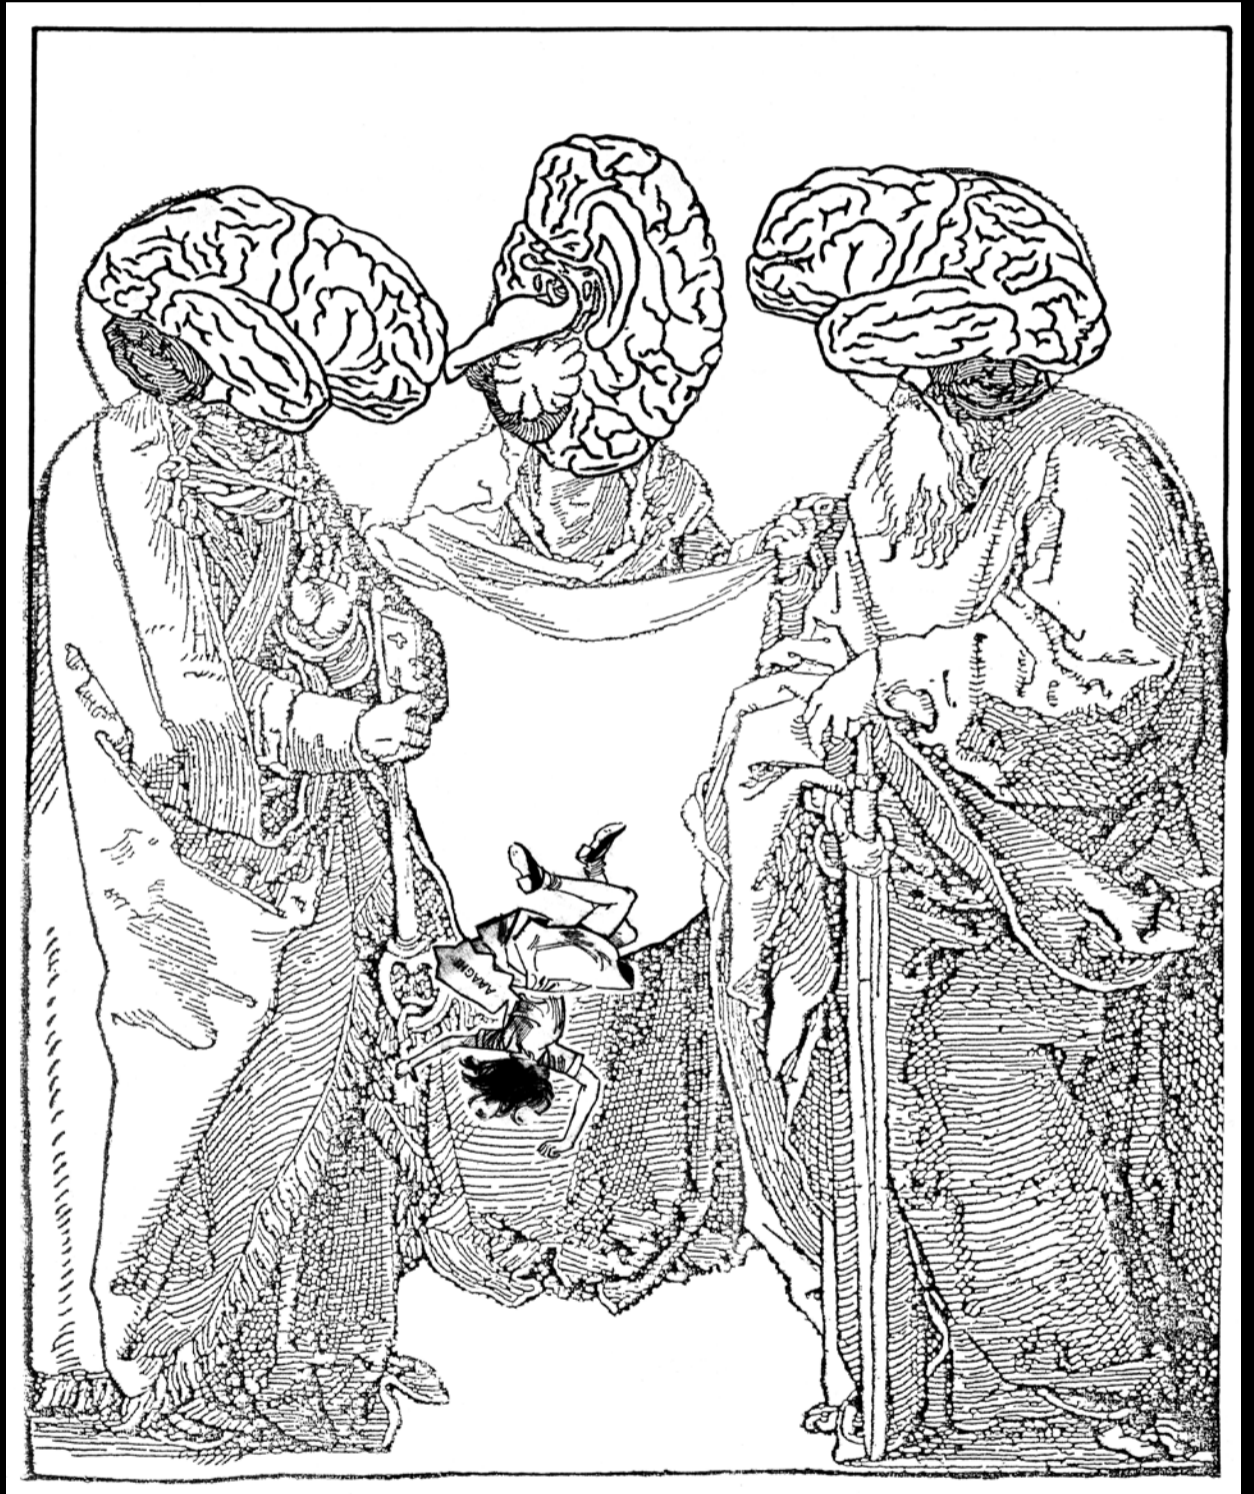

above:

Poor Carol, blind as a bat, can't see nuffin' at all, world of darkness, etc.

right:

One of the many avatars of the mysterious Secret Chiefs, shape-shifters, always in the background, they can see EVERYTHING...
